HENRY J. PETERS

President and Chief Operating Officer

Hank Peters signed a three-year contract to serve as the Indians' President and Chief Operating Officer on November 2, 1987 and began his tenure in that role on November 16, 1987. Peters has signed a contract extension through 1991. It was a homecoming of sorts for Peters, who was the Tribe's Vice-President and Director of Player Personnel from 1966-71.

The 65-year-old (September 16, 1924) St. Louis native came to the Tribe after spending 12 years (November, 1975 - October 5, 1987) as Executive Vice-President/General Manager of the Baltimore Orioles. During that time, Hank led the Orioles to a World Series berth in 1979 and the World Championship in 1983. He was named major league "Executive of the Year" by *The Sporting News* in 1979 and 1983 and also won UPI's major league executive award in 1979.

A veteran of 43 years in professional baseball, Hank first broke into the game in 1946 after serving three years in the U.S. Army in World War II during which he was stationed in England, Germany and Czechoslovakia. He started with his hometown St. Louis Browns, working in the minor league department.

When the franchise was moved to Baltimore in October, 1953, Hank took a job as general manager of the independent Burlington, Iowa club in the Class B Three-I League.

After the 1954 season, he joined the new Kansas City Athletics (who had just moved from Philadelphia) as farm director. He remained in that position through 1960. In early 1961, Hank moved on to Cincinnati, working as farm director of the Reds who won the N.L. pennant that season.

Hank returned to the A's as assistant general manager/farm director in December, 1961. He was appointed general manager by club-owner Charles O. Finley in 1965. During his tenure, such future stars as Hall of Famer Catfish Hunter, Bert Campaneris, Reggie Jackson, Sal Bando, Joe Rudi, Rick Monday, Gene Tenace and Rollie Fingers were signed and developed in the A's farm system

In 1966, Hank joined the Indians as Vice-President and Director of Player Personnel under President and General Manager Gabe Paul. Following his years with the Tribe, Hank was elected to succeed the retiring National Association President, Phil Piton, in December, 1971. At the time, the National Association was headquartered in Columbus, Ohio, but in September, 1973, Hank moved the office to its present site in St. Petersburg, Florida.

Hank and his wife, Dottie, whom he met while both were working for the St. Louis Browns, have been married for 39 years. They have two children, Sharon and Steven, and two grandchildren, Shannon Nicole Torrez, born December 12, 1980 and Christopher Henry Peters, born October 16, 1983, the day the Orioles won the 1983 World Series.

It was the first ever trade involving major league players between the two New York teams . . . On Opening Day became the 35th (of 36) player to play for both the Yankees and the Mets . . . Began his Yankee career by grounding into a triple play on Opening Day (April 5th) vs. Minnesota, a third-to-second-to-first triple play off Tippy Martinez with the bases loaded in the 8th inning . . . Hit his first home run as a Yankee on April 18th at Minnesota, a solo HR off Steve Carlton . . . Tied his then-single game career high with three RBIs on May 10th vs. Chicago . . . Had a six-game hitting streak from June 12-18, going 11-22 (.500) . . . Included in that span was a 4-5 game on June 13th at Boston (including a three-run home run off Bob Stanley) with 4 RBIs, his first career 4 RBI game and his second career 4-hit game . . . Put together a seven-game hitting streak form July 4-14 (his longest of the year), going 8-24 (.333) . . . His 148 games played at short was fourth highest total by a Yankee shortstop since 1952 (Bucky Dent, 157 in 1977; Bobby Meacham, 155 in 1985; Jim Mason, 152 in 1974) . . . Had 24 multiple hit games, including six three-hit games along with his one four-hit game . . . His five home runs were two more than he hit in his first three full major league seasons combined . . . Started the season 0-16 before getting his first hit in his 17th at-bat, a single against Charlie Puleo on April 12th . . . In an eight game period from April 12-21, he went 10-29 (.345) to go from .000 to .238 . . . From June 25-August 23rd went 49-163 (.301) in 49 games, including hitting safely the final 7 games in that span, from August 15-23, his longest hitting streak of the year . . . Had 28 multi-hit games, including four three-hit games . . . Played 138 games at shortstop and had a fielding percentage of .973, committing 17 errors in 626 total chances . . . **1986** Steadily increased his average the final two months of the year . . . On May 13th he played second base for the first time as a Met (he played nine games at second for the Cardinals in 1983) . . . Against Houston in the LCS he established a NLCS record for most putouts (13), assists (18), and chances accepted (31) by a shortstop in a six-game series . . . In the Series he had a pair of hits off Roger Clemens in Game Two at Shea Stadium . . . His RBI single in the seventh inning of Game Seven off Calvin Schiraldi knocked in the second run of the three-run rally that put the Mets ahead to stay in their eventual 8-5 win . . . **1985** Appeared in 153 games at shortstop, the most by a Met since Frank Taveras played 153 games in 1979 . . . HISTORY OF CLEVELAND NAMES

1869 — FOREST CITYS (Cleveland known as the Forest City.)

1889 — SPIDERS (The 1889 Cleveland club was comprised of many tall and skinny players so management decided to accent their features and change the name to Spiders.)

1900 — BLUES (Symbolizing the bright blue uniforms worn by the 1900 team.)

1902 — BRONCHOS (The 1902 Cleveland players didn't like the name Bluebirds and were looking for a more forceful nickname before voting for Bronchos.)

1903 — NAPS (Discarded blue uniforms as a local daily newspaper sponsored a contest and Naps was selected in honor of Napoleon Lajoie.)

1915 — INDIANS (A local daily newspaper ran a contest and the name Indians was suggested by a fan who said he was doing it in honor of an Indian player named Luis Francis Sockalexis, who was known as the Chief — the first American Indian to play in the Major Leagues. He was born in Old Towne, Maine in 1871 and played three seasons in a Cleveland uniform. In 1897, he hit .331, which was his best in the three seasons. The Chief died in 1913.)

CLEVELAND STADIUM ALL-STAR REVIEW

TOP THREE ALL-STAR CROWDS

1 — 72,086 at Cleveland Stadium on August 9, 1981

2 — 69,831 at Cleveland Stadium on July 8, 1935

3 — 68,751 at Cleveland Stadium on July 13, 1954

GAME ONE AT CLEVELAND STADIUM — July 8, 1935
American League 4, National League 1

A crowd of 69,831 — the largest throng to see an All-Star Game (until 1981 in Cleveland) — packed the lakefront stadium for just the third mid-summer classic in history. The partial American League crowd was thrilled to a 4-1 junior circuit victory, the A.L.'s third straight All-Star win.

Jimmy Foxx belted a two-run homer in the first inning and the American Leaguers coasted to the win as Lefty Gomez and Mel Harder baffled the National League hitters.

GAME TWO AT CLEVELAND STADIUM — July 13, 1954
American League 11, National League 9

In a spectacular slugfest that set All-Star marks for runs and hits by the two clubs, the American League edged the National 11-9. The slugfest produced six home runs, including four by the A.L. The Indians' Al Rosen clubbed a pair of homers while he and his Cleveland teammates Bobby Avila and Larry Doby combined for eight RBI.

The 1954 contest was a wild seesaw contest which saw the lead change six times before the A.L. pulled out the 11-9 win with a three-run rally in the eighth. Ironically, it was Nellie Fox's broken-bat single over second base with the bases loaded in the eighth that provided the margin of victory.

GAME THREE AT CLEVELAND STADIUM — July 9, 1963
National League 5, American League 3

After four years as a double feature, the All-Star Game went to a single performance and saw the National League utilize its speed and gain its first Cleveland Stadium win, 5-3.

Willie Mays was easily the game's outstanding performer, going 1-for-3 with two RBI, two runs scored, two stolen bases, a walk and the game's most scintillating catch. 44,160 fans saw the action.

GAME FOUR AT CLEVELAND STADIUM — August 9, 1981
National League 5, American League 4

An all-time record All-Star Game crowd of 72,086 welcomed back baseball from the dreaded player's strike and saw the National League edge the American 5-4. The 72,086 fans gave Cleveland the top three crowds in All-Star history.

Gary Carter clubbed two home runs, including a seventh-inning solo shot to put the National Leaguers ahead to stay. Cleveland's Lenny Barker faced just six batters in his two innings of work, striking out one.

HOW TO FIGURE

Batting Average — Divide the total number of hits collected by a player by the total number of at bats. Example: Player A is 12-for-40 or .300.

Slugging Percentage — Divide the number of total bases by the total number of at bats. Example: Player A's 12 hits include six singles (6), one double (2), two triples (6) and three home runs (12) for 26 total bases in 40 at bats and a .650 slugging percentage.

Earned Run Average — The total number of earned runs allowed by a pitcher is divided by the total number of innings pitched and then multiplied by nine for his per-game average. Example: Pitcher B has allowed 12 earned runs in 45 innings of work for a 2.40 ERA.

Fielding Average — The sum of putouts and assists is divided by the sum of putouts, assists and errors. Example: Player C has made 16 putouts and 24 assists and two errors. That's 40 putouts and assists divided by 42 chances for a fielding average of .952.

Won-Lost Percentage — Divide the number of victories by the total number of games played. Example: 22 wins and 18 losses produce a winning percentage of .550.

DESIGNATED HITTER RULE

A hitter may be designated to bat for the pitcher in any spot in the batting order in any game without affecting the status of the pitcher. The designated hitter must be selected and be included on the lineup cards presented to the umpire-in-chief prior to the game. Failure to do so precludes the use of a designated hitter for that game.

The designated hitter is "locked" into the batting order but may be removed for a pinch-hitter or pinch-runner, who in turn becomes the designated hitter. The designated hitter, while still in the game, may be used defensively but the pitcher then assumes the batting order of the replaced defensive player, thus terminating the designated hitter role.

The designated hitter is eligible for all American League batting titles.

THE STADIUM, FOURTH ESTATE, SPRING TRAINING, MISCELLANEOUS

STADIUM

FIRST GAME IN THE STADIUM — Sunday, July 31, 1932, Philadelphia 1, Cleveland 0. Lefty Grove the winner, Mel Harder the loser.

FIRST NIGHT GAME IN THE STADIUM — June 27, 1939. Cleveland 5, Detroit 0.

FIRST FULL SEASON AT THE STADIUM — 1933, after which the Indians returned to League Park — playing occasionally at the Stadium. They returned to the Stadium on a permanent basis in 1947 and have remained ever since.

LEAGUE PARK — Constructed in 1891 at Lexington Avenue and East 66th Street as the home field of Cleveland's professional baseball team. A capacity crowd of 9,000 jammed the new park on opening day, May 1, 1891, to watch Cy Young beat Cincinnati 12-3. The wooden park was dismantled following the 1909 season and replaced by a steel and concrete structure which was still known as League Park.

DUNN FIELD — League Park was rechristened Dunn Field in 1920 in honor of team owner James Dunn. The name reverted to League Park following Dunn's death in 1927.

FIRST GAME AT LEAGUE PARK — April 21, 1910. Detroit 5, Cleveland 0. (Attendance 19,867.) League Park Capacity — 23,000.

LAST GAME AT LEAGUE PARK — September 21, 1946. Detroit 5, Cleveland 3.

FIRST YEAR FOR OUTFIELD FENCE AT THE STADIUM — 1947.

FIRST HOMER IN THE STADIUM — Infielder Johnny Burnett of the Indians in the sixth inning of the first game of a doubleheader against Washington on August 7, 1932. Cleveland won, 7-4.

FIRST NO-HITTER IN THE STADIUM — Don Black of the Indians on July 10, 1947 against Philadelphia. Final score: Cleveland 3, Philadelphia 0.

NO BALL HAS EVER BEEN HIT INTO THE CENTERFIELD BLEACHERS.

LONGEST BALL hit in the Stadium, it has been determined, was by Indian first baseman Luke Easter on June 23, 1950. The ball landed in the upper deck, Section 4 in right field — a total of 477 feet from home plate. Mickey Mantle, Frank Howard and Rocky Colavito have hit balls that bounced near the bleacher wall in left center field, some 465 feet from home plate.

TOTAL FIELD AREA at the Stadium covers 183,000 square feet, some 3½ acres.

BASEBALL TARPAULIN at the Stadium is a 170-foot nylon square, weighs 2,500 pounds dry and 3,500 pounds when wet.

THE CENTERFIELD SCOREBOARD has been completely rebuilt for the 1989 season. It has full message capabilities with a higher resolution than ever before. The new board has 25,344 lamps, over 5,000 more lamps than it previously had. Its dimensions are 136 feet long by 51 feet high. The lamp matrix, which flashes messages and scores, measures 86 feet by 24 feet. Also new in '89, a message board has been placed below the facing of the loges on the first and third base side. Each board has 4,096 lamps. Additionally, a new, state-of-the-art sound system has been installed as part of the centerfield scoreboard.

STADIUM LIGHTING is comprised of 920 metallic halide lamps and fixtures, installed in 1967, and produces in excess of 1,000,000 peak-beam candle power in addition to 398 1,500-watt incandescent units from the old system. Total light output from the Stadium lighting system is equal to light output from 54,857 100-watt household bulbs.

LOGE BOXES were added to the Stadium in time for the 1975 season. There are 84 eight-seat loges and 24 six-seat loges — a total of 108. The loges, located below the facing of the upper deck, are air-conditioned, heated and entirely furnished by the Cleveland Stadium Corporation. There are three different color combinations and art designs for wall paintings. Furniture includes tables, chairs, couch, closed-circuit and all-channel color television, refrigerator, restroom and ice service. Total loge seating capacity is 816.

ITEMS OF INTEREST

FREE AGENT DRAFT RULE: A BRIEF SUMMARY: Major League and National Association clubs meet once a year for the purpose of drafting free agent player talent . . . Selection of a free agent entitles the club to the exclusive right of negotiation with that player.

Approximate date of draft meetings: Summer (early June).

(1) Regular Phase: Clubs choose in inverse order of major league standings, selecting free agents and previous draftees who had not signed contracts but had instead enrolled in four-year colleges and since had either completed his junior year or become 21 years of age . . . Each organization may select only one player for each of its major league, AAA and AA rosters but is not limited to the number of picks for "A" level . . . Minor league clubs select in the same relative order as their parent clubs.

SUSPENDED GAME RULE: A game terminated by curfew or by a pre-arranged time limit is a suspended game if it has progressed far enough to be an official game (i.e., 4-1/2 or 5 innings) (Rule 4.10).

A game terminated by light failure or malfunction of a mechanical field device under control of the home club is a suspended game anytime after it begins.

Suspended games shall be resumed at the exact point of suspension immediately preceding the next scheduled, single game between the two clubs on the same ground . . . If this is not possible, other provisions for resumption are specified in American League Regulation 4.12 . . .

Any LEGAL game called due to weather with the score TIED is a tie game and must be replayed in its entirety.

TRADING REGULATIONS:

SUBSTANTIVE

— The "trading deadline" is now July 31. Waivers are required for any inter- or intra-Major League assignment during the period beginning August 1 and ending at 5 p.m. ET the day after the end of the season. During the other ten months of the year no waivers are needed.

— It will be easier to compute which players need waivers before they may be optioned: if three years (less one month for each previously spent on option) have elapsed since the player *actually reported* to the Major Leagues for the first time, waivers are required. The date of actual physical reporting will be used as the benchmark instead of the date the player was first placed on a club's 40-man roster.

— The procedure for outright assignments to the National Association remains unchanged from the 31st day of each season until August 31; during this period, ordinary waivers are required. However, from September 1 until the 30th day of the following season, special waivers are required:

The club must tender a special waiver request specifying that waivers are requested for the purpose of outright assignment to the National Association. The claiming period, as with other waivers, is three business days, and an assignment pursuant to special waivers must be completed by 2 p.m. ET the seventh day after the waivers are secure.

PROCEDURAL

— AL Only and NL Only waivers have been abolished.

— New waiver periods:

November 11 - 30th day of season
31st day of season - July 31
August 1 - November 10

ROOKIE QUALIFICATIONS: A player shall be considered a rookie unless, during a previous season or seasons, he has (a) exceeded 130 at bats or 50 innings pitched in the major leagues; or (b) accumulated more than 45 days on the active roster of a major league club or clubs during the period of the 25-player limit (excluding time in military service).

SAVE RULE: A relief pitcher shall be credited with a save when he meets all three of the following conditions: (1) he is the finishing pitcher in a game won by his club, (2) he is not the winning pitcher, and (3) he qualifies under one of the following conditions: (a) he enters the game with a lead of no more than three runs and pitches for at least one inning, or (b) he enters the game with the potential tying run either on base, at bat, or on deck (i.e., the potential tying run is either already on base or is one of the first two batsmen he faces), or (c) he pitched effectively for at least three innings.

PLAYER LIMITS: 25 players from opening day through August 31 . . . 40 players from September 1 through end of season . . . Players in military service do not count against the under control list while on active duty. Upon separation from the service, a player will be reinstated to his club's normal player limits after he has completed a 15-day trial period or has participated in a championship game, whichever comes first.

MAJOR LEAGUE SERVICE:

— is credited for each day the player appears on an active roster *or* major league disabled list or suspended list.

— in the case of a player called up from the minor leagues, is credited beginning with the date he physically reports.

— in the case of a major league player who is traded and reports in the normal course, service is not interrupted.

— in the case of a player sent down to the minor leagues, is credited through the date of the assignment.

— in the case of a player who is unconditionally released, is credited through the date waivers were requested.

— in the case of a player designated for release or assignment (MLR 2), is credited after the designation, through the date of the actual assignment or the request for unconditional release waivers.

ITEMS OF INTEREST Cont.

— for a player who appears on his club's opening day roster, is credited as of the earliest scheduled opener, without regard to the actual opening date of his own club.

— is credited at the rate of 172 days per "year," though the season is actually 182 days long.

— is not credited during any period or periods of optional assignment totalling 20 days or more during a single season.

DETERMINING THE MAGIC NUMBER: Determine the number of games yet to be played, add one, then subtract the number of games ahead in the loss column of the standings from the closest opponent.

DISABLED LISTS:

Supplemental (15-Day)

— Maximum: 2 Players per club (one of whom may be a pitcher)

Regular (21-Day)

— Maximum 3 Players per club

Special (30-Day)

— Maximum: 1 Player per club (only used when Supplemental and Regular Lists are full.)

Emergency (60-Day)

— Maximum: No Limit on number of Players. (Players carried on this list do not count against 40-man under control limit. If placed or transferred here after 8/1, player must remain through the end of season and post-season.)

Day 1 is day *following* player's last game appearance.

— Reinstatement may be made beginning Day 16, 22, 31, or 61 respectively; after minimum period has expired player may be reinstated at any time (except in certain "Emergency" cases—above.

AMERICAN LEAGUE CURFEW RULE: All night games must be called at 1 a.m., local time. However, if an inning is started prior to 1 a.m., it can be completed. Curfews shall be waived for the final series of the season in each of the two parks of two contesting teams.

BATTING-PITCHING QUALIFICATIONS: To qualify for the American League batting championship, a player must have 502 or more plate appearances. (This is equivalent to at least 3.1 for each of the 162 scheduled games). Pitchers must work 162 or more innings to qualify for the earned run average title.

PINCH HITTER RULE: A player shall be considered a pinch hitter if he enters the game as a substitute batter and then only on his first time at bat which must be before he becomes a fielder. (If the team bats a round and a pinch hitter comes up a second time in the inning in which he first appeared, he will not be considered a pinch hitter during that second time up). A substitute hitter for a designated hitter is both a pinch hitter and a designated hitter on his first time at bat. On subsequent trips to the plate he is a designated hitter only.

DESIGNATED HITTER RULE: A hitter may be designated to bat for the pitcher in any spot in the batting order in any game without affecting the status of the pitcher. The designated hitter must be selected and be included on the lineup cards presented to the umpire-in-chief prior to the game. Failure to do so precludes the use of a designated hitter for that game. The designated hitter is "locked" into the batting order but may be removed for a pinch-hitter or pinch-runner, who in turn becomes the designated hitter. The designated hitter, while still in the game, may be used defensively but the pitcher then assumes the batting order of the replaced defensive player, thus terminating the designated hitter role.

DEFINITION OF A NIGHT GAME: Any game scheduled to start after 6 p.m. will be considered a night game. If a game is scheduled to start at 6 p.m. and is delayed by rain, or for any reason, it will be considered a day game. If a game is scheduled to start at 6:01 p.m., it will be considered a night game. Twi-night doubleheaders shall be included in doubleheader statistics and shall be considered two night games. When afternoon and night games are played on the same date with separate admissions, the games shall be day and night and count as single games.

CONSECUTIVE-GAME HITTING STREAKS: A consecutive-game hitting streak shall not be terminated if all the player's plate appearances (one or more) result in a base on balls, hit batsman, defensive interference or a sacrifice bunt. The streak shall terminate if the player has a sacrifice fly and no hit. The player's individual consecutive-game hitting streak shall be determined by the consecutive games in which the player appears and is not determined by his club's games.
